

ciæm Webinar Series

How can mathematics education curriculum anticipate and prepare for a changing world?

In this third webinar, we will focus on early mathematics learning. Audrey Cooke will explore teacher education in her talk, “**Early Childhood Teacher Education – Changing the Relationships with Mathematics.**” Dorota Lembrér, in her talk “**Early Childhood and Primary Mathematics: Collaborative Partnerships with Families,**” will prompt us to reflect on the home–school relationship, which is so important for early learning.
